PLAY IN 4 EASY STEPS

1

Join the hunt

Open the link or scan the QR your organizer shows, enter your name, tap **Join**.

2

Find & scan the QR munzees

Tap **Scan**, point your camera at a hidden QR card — it captures automatically and scores points.

3

Follow the map

The blue dot is **you**. A red arrow & line point to the nearest munzee with the distance. New ones unlock as you get close.

4

Score the most & win

Watch the **Ranks** tab. Most points when the game closes takes the crown.

WHAT EACH MUNZEE IS WORTH

Common

freezes you ~60s

TEAM TIPS

Split up. Each munzee scores once per team — cover different areas and unlock more by spreading out.

Grab every Mystery. No downside, could be your biggest score.

Follow the arrow. Walk toward it and watch the distance drop, then look for the card.

Mind the Jinx late. A freeze near the end can cost the win — one teammate tests unknown cards.
